

The JSNA is a suite of resources that support commissioners and local leaders to make the **health and care of Surrey residents a priority**

Co-designed and co-produced by the system

JOINT 

 **STRATEGIC**

Top-down view using bottom-up intelligence to:

- Support delivery of the Surrey Health and Wellbeing Strategy
- Scan horizons for emerging priorities

J S N A

 **ASSESSMENT**

Bringing together intelligence of the system to **understand**:

- What is the state of health and social care in Surrey residents?
- What assets and services does Surrey possess to support its residents?
- Where can we be doing better?

 **NEEDS** 

Health and care needs, both **now** and in the **future**
